6.1.2 The Institution practices decentralization and participative management

Case Study: Vrishni 2018

The Cultural Forum is a decentralized committee for planning, organizing and implementing various activities. It plays a significant role in enabling students to achieve holistic personality development and become competent and responsible individuals. Its goal is to equip our students with skills and knowledge, enhance their inherent talents and assist them to prepare for a bright future in a world that is becoming increasingly competitive.

Cultural Forum Hierarchy

The Cultural Forum led by the Principal of the Institution consists of the Cultural Forum Head, Faculty Members and Students. Every event in Vrishni is organized by a faculty coordinator assisted by student coordinators.

Welcome to the Cultural Forum

The Cultural Forum is an integral part of the college constituted in the academic year 2015-16. The College not only imparts quality education, but also ensures that the students acquire holistic personality development. The objective of the Cultural Forum is to provide an ideal platform for our students to showcase their inherent talents. It also provides ample opportunities to the students in literary and cultural activities.

The Cultural Forum is efficiently led by the Cultural Forum Head and ably supported by the cultural committee consisting of faculty members and students. Every year, students are inducted into the forum. The Cultural Forum coordinates well with all the departments in the institution and organizes activities from the very beginning to the end of every academic year. Its activities commence with the Orientation Programme for the first year undergraduate students. The Principal introduces the teaching and non-teaching staff and makes an impressive presentation about the institution. The students are given instructions about the CBCS, academic curriculum, etc. The activities of the different cells and forums are also briefed to the students so that they are able to register according to their choice. The concerned heads of the various departments address the students as per their respective courses separately. The orientation programme is organized to make the newcomers feel at home in the new environment.

The Freshers' Day is a welcome party for first year undergraduate students and meant for interaction between the freshers and the seniors so that they are able to break the ice. The main aim is to make the freshers feel good about being a part of the SBMJC family. The Principal addresses the newcomers and motivates them. Interesting games and cultural entertainment brings about a sense of bonding between the juniors and the seniors. It enhances the students' interpersonal skills and they develop a rapport.

A Carnival- Funfair is organized in the open auditorium. Several stalls are put up by the students selling delicious food items, snacks, ice creams, etc. Games are also conducted. On this fun-filled day, a lucky draw is organized with attractive prizes. It brings out the students marketing skills, co-operation and co-ordination.

The Cultural Forum organizes Rainbow Week in a grand manner for both students and staff. A particular colour is assigned for each day and everybody comes dressed in that colour following the concept of VIBGYOR. Keen interest is shown by everyone being dressed in the specified colour of the day. They depicted the tradition and culture of different states of India and enthusiastically participated in the event. The last hour is allotted for a colourful photo session. Mr. and Ms. Rainbow are judged for the students and the staff.

Ethnic Day is held for the student community in a befitting manner. The students are extremely thrilled to dress up in their traditional attire. It envisages a nation held together by its rich heritage, civilization and culture. The response from the students is always encouraging. Ethnic Day helps to bring in the spirit of national integration within the college campus. It celebrates our unity in diversity. In the era of westernisation, as people drift away from their tradition and culture, events like ethnic day provide an opportunity for our youth to appreciate the beauty of our own culture. By celebrating ethnic day, we get an opportunity to go back to our roots.

The Cultural Forum organizes a Valedictory programme for the students. During this programme, prize distribution is conducted for the various competitions organized by the departments and cells during the academic year. Prizes and certificates are distributed to the winners.

The first and second year undergraduate students organize a farewell party for the outgoing students of all the courses. The Principal in her motivating speech addresses the outgoing students and advises them to work hard

to reap the fruits of success. The first and second year students organize a few interesting games and cultural events for the outgoing students.

The ceremonious Graduation Day of Sri Bhagawan Mahaveer Jain First Grade College, KGF marks a very significant milestone witnessed by every outgoing batch. The final year degree students, dressed in graduation robes, revel in the celebration of this formal and dignified occasion. The Chief Guest addresses the graduating batch with a thought provoking message. The Managing Trustee graces the occasion with his distinguished presence and shares his thoughts. The Principal also addresses the gathering and inspires the students to follow their passion, dream big and work hard to attain success. The outgoing batches of students take a pledge to affirm their dedication towards contributing to society. Subject toppers and students with cent percent attendance in each subject are felicitated with medals. Course completion certificates are distributed to all the outgoing students. The students then share their experiences and unforgettable memories. It is truly a nostalgic day for the students and their proud parents.

The two mega events of the institution are the intra-collegiate fest, Avishkar and the inter-collegiate fest, Vrishni. The intra-collegiate fest, Avishkar provides an ideal platform for our students to explore and nurture their hidden talents. It also channelizes their inherent creativity and event management skills. The preparations for Avishkar start well in advance. Ten days prior to the mega event Avishkar, the various off stage events start with the enthusiastic participation of the students. Off stage events are conducted by the various departments.

On stage events are held on the day of the intra-collegiate fest. The events are designed in such a way that it brings out the best in every individual student. A perfect blend of support from the teaching and non-teaching staff, untiring efforts put in by the entire Cultural Forum, exceptional performances by the participants and an encouraging audience make Avishkar a grand success. This mega event is conducted in a smooth and efficient manner and concludes with the valedictory function where the prize winners are felicitated. The winners and runner up trophies are bagged by the departments which stand first and second.
